MESSAGE

Team SLIET is a diverse and dedicated group of people who are making a difference all around the nation. Here we can adapt, we are nimble, and we persevere.

Graduating Class of 2021, I would like to take this opportunity to commend you on obtaining your degree during such challenging times in the history. You have had to deal with the Covid-19 pandemic and its global impact, and shown great fortitude, resilience, and grit. Yes, it is a difficult time, but this too shall pass. Remember, “A smooth sea never makes a skilled sailor”. Think outside the box, have big dreams and strive hard to realize them. As you embark on your next adventure, may your wings have the strength to soar as high as you want!

Thanks to the faculty and staff members, who discharged their duties indefatigably even in the most trying circumstances and made commendable contributions for making the Institute a special place for all the SLIETians.

MESSAGE

It is a moment of immense delight for us to host the 24th Annual Convocation ceremony at Sant Longowal Institute of Engineering and Technology, Longowal, on 28th March, 2022.

Graduates of 2021, Congratulations on your monumental accomplishment, especially in the midst of a global pandemic. The extraordinary circumstances neither diminish your academic accomplishments, nor your potential to go out and change the world for good. As you move from the cloistered environs of SLIET to the larger world, make each day your masterpiece and do your best to enhance the prestige of not only of your alma mater but of the country as a whole.

Thanks to Prof. Shailendra Jain, Director for creating an holistic environment in the Institute and motivating “Team SLIET” for working round the clock to achieve the academic and research goals.

J.S. Dhillon

MISSION

1. Non formal, flexible, modular, multipoint entry programmes in engineering and technology and in the areas like rural development educational planning, information and management sciences.
2. Education and training in modern technology areas.
3. Promotion of self development among the students.
4. Extension services to industry working population, passed out students, social organisations and institutions of research and higher learning.
5. Close interface with the industry to conduct research on the basis of manpower requirements leading to integrated educational planning curriculum development and instructional material preparation in technology and inter-disciplinary areas.
6. Promotion of institute-institute linkages for sustainable development of academic and research.

VISION

For the successful implementation of **National Education Policy 2020**, a two days' Progress review workshop on “**Vision Plan SLIET 2030**” was organised twice under the chairmanship of Prof. Shailendra Jain and coordinatorship of Prof. Harish Chopra.

Welcome Address by Prof. J. S. Dhillon, Dean (Academics)

His Excellency **Shri Banwarilal Purohit Ji**, Honourable Governor of Punjab and Administrator of Union Territory of Chandigarh

Dr. K. Radhakrishnan Ji, Esteemed Chairman, Board of Management, SLIET,

Prof. Rajeev Ahuja Ji, Director, IIT, Ropar and Member, Board of Management SLIET,

Prof. Shailendra Jain Ji, Director, SLIET,

Members of the Board of Management,

Distinguished Guests,

Members of Electronic and Print Media, Deans, Heads, Faculty and Staff Members, beloved Graduating Students, their Proud Parents,

Ladies and Gentlemen,

I feel privileged to be given this great opportunity to extend a very warm and heartfelt welcome to this august gathering on the occasion of **24th Convocation of Sant Longowal Institute of Engineering and Technology, Longowal.**

We are indeed fortunate to have amongst us His Excellency, **Shri Banwarilal Purohit Ji**, Governor of Punjab as our Chief Guest. His remarkable presence has lend to this occasion a unique honour and prestige.

I also welcome a distinguished space scientist, explorer, and researcher **Dr. K. Radhakrishnan**, Chairman, Board of Management, SLIET. His visionary leadership and expert guidance always propel our Institute to reach new heights. I extend a very warm welcome to **Prof. Rajeev Ahuja**, Director, IIT, Ropar who is an esteemed Member of Board of Management SLIET Longowal. **Prof. Shailendra Jain**, young and energetic Director of SLIET, deserves a special welcome. His persistent dedication and visionary approach to education is highly commendable. We derive our enthusiasm and inspiration from his expertise.

At the outset, I extend my sincere felicitations to the graduating students for achieving a memorable milestone in their academic life. Graduation is a magnificent ceremony meant to celebrate an individual's academic achievements. It's the time when all those sleepless nights and random breakdowns become all worth it. It is most apt time to stimulate the graduates that they should thank their teachers, friends and especially their families who have been an unending source of support. Now their utmost duty is to keep themselves well-grounded and to constantly remind themselves that they have to utilize their developed faculties for the upliftment and benefit of the society.

My dear students, Human life is an arduous journey with many aspirations, out of which some would materialize, and some may not. But whatever route you may choose in your career, always remember that the dedication, hard work, persistence, determination, and audacity are indispensable for the realization of any dream. The education with which you are equipped with here at SLIET is a window to provide you the light of hope for a promising and successful future. As you step out of the premises of a premier Institute after getting your degrees, you will enter a life all full of puzzles and confusions as well as opportunities and avenues. In such times, the education that you have received here in the Institute will guide you, motivate you to leave your footprints on the sands of time.

Friends, in order to find success in this challenging world, to make a positive impact on it, and to make the world a better place to live in, you all need to become worthy human beings. You need to be more knowledgeable than you are today. You need to be a better risk-taker and be open-minded. Just because you are graduating today does not mean that your grooming is accomplished, you will have to keep on brushing up your personalities for better lives. I beckon you not to rest on your accomplishments but be ready to learn more and grab the opportunities that come your way to meet the aspirations of the society. Never be discouraged by the current passing difficulties, we are facing since 2020 because of the unprecedented pandemic or other national and global issues. The threats strewn on our paths are meant to test our mettle. Impediments are the frightful things we see when we take our eyes off our goals. Nobody can stop you until you choose to be stopped. Always remain optimistic as we do say, "Hope sustains life". On this adventurous journey of yours, I share with you the words of Ralph Emerson, "Do not follow where the path may lead. Go, instead, where there is no path and leave a trail."

So, my dear students I join you in celebrating your success on this jubilant and auspicious occasion. From tomorrow onwards you all will be burdened with the errands of life. But today is your day to bear the fruit of your hard work. So, celebrate your triumph, enjoy the moment, and wake up tomorrow to a big and spectacular world, that is your own. As you embark upon the next chapter of your life, I wholeheartedly wish you all immense success and happiness. With these words, I once again thank our honourable Chief Guest and distinguished Chairman for their benign presence amongst us today. We hope this event be a memorable one for all present here and for those who have joined us online.

Thank You.

Jai Hind ! जय भारत !

Institute Report by Prof. Shailendra Jain, Director

His Excellency **Sh. Banwarilal Purohit Ji**, Honourable Governor of Punjab and Administrator of Union Territory of Chandigarh

Dr. K. Radhakrishnan Ji, Revered Chairman, Board of Management, SLIET, Longowal,

Prof. Rajeev Ahuja Ji, Director, IIT, Ropar and Member, Board of Management, SLIET, Longowal

Members of the Board of Management, Guests

Members of the Press and Electronic Media,

Deans, Heads, Faculty and Staff Members of the Institute,

Beloved Degree Recipients, who are embarking on the next stage of their careers with unique skills to meet unique challenges at a unique time, their Proud Parents,

Ladies and Gentlemen,

At the outset, I would like to extend a hearty and warm welcome to all of you to the **24th Convocation of Sant Longowal Institute of Engineering and Technology, Longowal**. On this momentous occasion, we are extremely delighted to have the stupendous presence of His Excellency **Sh. Banwarilal Purohit Ji**, Honourable Governor of Punjab, a distinguished statesman, an able administrator and, a dynamic social worker, as our chief Guest. Sir, on behalf of the Team SLIET, I extend a warm welcome to you and express our heartfelt gratitude for accepting our invitation to be the part of today's celebration.

I am also indebted to **Dr. K. Radhakrishnan Ji**, Chairman, Board of Management, for his benign presence on this propitious occasion. Sir, you are the guarantor of the success and sustainability of SLIET, and we shall continue to rely on you in living the mission and realizing the vision of the Institute.

I also welcome **Prof. Rajeev Ahuja**, Director, IIT, Ropar who has very kindly consented to be the part of this august occasion.

I am sure that the presence of such eminent guests amongst us will further strengthen the passion and zeal in our graduating students for serving the nation and humanity at large.

No occasion in the academic calendar is more meaningful, or filled with happiness than Convocation, the day, where we celebrate the accomplishments and strides of our incredible living legacies. The day is the vindication of the remarkable commitment made in the conviction that **together we are making a difference**. Today, we feel a collective sense of pride for all that our students have accomplished under the duress of the pandemic. What a year it's been! The Class of 2021 has overcome obstacles that none of us ever imagined- you have made the best of a virtual experience with remote classes, meetings, and exams, all while braving a perfect storm of challenges. Against these headwinds, you have made it here today and that is a testament to your tenacity and resilience. I cannot be more proud of how you have handled these uncertain and unprecedented times with determination and perseverance. You have adapted, rolled with the punches, and pushed through. It is a testament to your talent and hard work, and to your integrity of spirit.

During the pandemic, we all realized how fragile normality is; that in the blink of an eye the whole world can turn around and what we had previously taken for granted simply does not apply anymore. We have also become witnesses of the struggle of societies to react and to adjust to the new conditions. As **Rabindranath Tagore** said, “You can’t cross the sea merely by standing and staring at the water.” So, despite the fact that the completely new and unknown educational forms to everyone were rapidly introduced, our faculty and staff here at SLIET managed to show the adaptability and tenacity, took everything in their stride and worked day and night as a unit to ensure that our students should become excellent professionals capable of meeting today’s and tomorrow’s critical challenges using their imagination and ingenuity. Despite the testing times, the Institute administration remained committed to keep the momentum going on all the fronts. I would also like to compliment our students for being faithful collaborators with us in our endeavour. The parental support was an added plus and the management standing rock solid infused a lot of confidence in us.

Dear students, a new chapter in your life is beckoning at a time when the tectonic shifts are occurring across the world. You may feel befuddled by the complexity of things you thought were simple. But remember, your future career trajectory is taking shape in a country, where under the able leadership of our honourable Prime Minister **Sh. Narendra Modi Ji**, we are at the cusp of witnessing a turning point in the evolution of India with the opening of new and diverse vistas in every sector. Guided by "**Sabka Saath, Sabka Vikas, Sabka Vishwas**", the aspiring and caring India is surging ahead with globally recognized unparalleled milestones like ‘Fourth Industrial Revolution’, ‘Make in India’, ‘Digitization Drives’, ‘National Education Policy 2020’, and ‘Science, Technology & Innovation Policy 2020’. We, as a nation, can boast of possessing one of the most competent manpower and exemplary leadership at the world level that has ably caste the country to the potholes of progress. Now, there is no fear of unknown, you have the courage to explore the whole world, there is no longer the query of unknown, there is a quest for the best, the dream of conquering the whole world. Here at SLIET, we have mentored you in building a meaningful life through knowledge, acculturation, and counselling, and now you are ready to face a new world of challenges, opportunities, and responsibilities. शैक्षिक उत्कृष्टता और अपनी उल्लेखनीय पहचान के द्वारा हमारी संस्था संत लोंगोवाल इंस्टीट्यूट ऑफ इंजीनियरिंग एंड टेक्नोलॉजी, लोंगोवाल युवाओं को अपने व्यक्तित्व के संपूर्ण विकास के लिए अपने कौशल का उपयोग करने, और समाज, समुदाय और देश सेवा में प्रभावी योगदान देने के लिए तैयार करने हेतु हमेशा प्रयासरत है। Working with a forward-thinking attitude, by inculcating a culture of innovation, research, entrepreneurship, incubation centres and developing futuristic solutions in technical education, we are committed to make our students the primary stakeholders in propelling India towards an equitable knowledge society, hence fulfilling the true motto of **Aatmanirbhar Bharat**. This day is a witness of our unheralded commitment as we are proudly conferring 30 Ph.Ds, 108 Post- Graduate Degrees, and 500 B. E. Degrees in diverse streams.

It gives me immense pride in sharing with our distinguished guests of the day that, in the duration of 33 years of its establishment, SLIET has reckoned its presence amongst the illustrious institutes of the country. Guided by the patronage of great missionary **Late Sant Harchand Singh Ji Longowal**, we, as a technical institute, have come a long way. We are known for providing state-of-the-art infrastructure and a veracious academic ambience for developing young students, especially from remote, rural and humble locales of India, into competent professionals. At present the Institute is offering 13 Integrated Certificate-Diploma, 7 Degree, 11 Post-Graduate, and Ph.D Programmes in various disciplines of Engineering, Sciences, Management and Humanities.

Today, I am delighted to present before you the annual report of the academic year 2021. The report will project a fairly good idea about the scale at which things were planned meticulously and judiciously despite of Covid restrictions. Let me take this opportunity to briefly share with you some notable achievements of the Institute.

SLIET, Longowal bagged the **“Outstanding Institute Award in the Engineering College Category”** for the year 2020-21, constituted by NITTTR, Chandigarh for the northern regions on the occasion of Annual Day celebration on 7th Sept. 2021.

National Board of Accreditation approved the accreditation status of all the seven UG Programmes (B.E.) of the Institute for a period of three years.

Proud To Be Part of Team SLIET

Together We Can Make a Difference

The Institute took an initiative to celebrate the 33rd **Foundation Day** in the hybrid mode and **dedicated Two New Buildings** for the departments of EIE/ECE and EDP/T&P and a **1 MW Roof Top Solar Power Plant to the Nation**.

A **Seating Arena** for the students is developed in front of library with an objective to display important information at a central place and attract students towards Central Library facilities.

The **Research and Consultancy Cell** of the Institute has been doing exceedingly well. Two Collaborative Research projects have been sanctioned having a budget of Rs. 36.05 lacs from Science and Engineering Research Board and Department of Biotechnology and one project has been granted on self-financed basis by Homi Bhabha Cancer Hospital, Sangrur.

For the successful implementation of **National Education Policy 2020**, a two days' Progress review workshop on "**Vision Plan SLIET 2030**" was organised twice under the chairmanship of Prof. Shailendra Jain and coordinatorship of Prof. Harish Chopra.

The **Unnat Bharat Abhiyan Cell** of the Institute, in collaboration with Baba Farid Memorial Welfare Society, Longowal organized a two-days free Eye Camp, where more than 150 eye surgeries were conducted.

The Institute has been providing help to the State Government by giving its venue for the conduct of various competitive exams.

Apart from these activities, the Institute faculty constantly endeavoured, during the lockdown period, to continue with its scholastic achievements and has outshined in the academic arena.

Prof. Shailendra Jain, Prof. Paramjit S. Panesar, Prof. Rajesh Kumar, Prof. Dilip Kumar, Prof. Dheeraj Sud and Prof. Surinder Singh have been enlisted in the most coveted list of “**World Ranking of Top 2% Scientists**”.

A “**Patent**” has been granted to **Prof. Shailendra Jain** as an inventor entitled “**Cascaded Multilevel Inverter**”.

Prof. Parmjit S. Panesar has been elected as “**Fellow 2021**” in the area of “**Value addition of agro-industrial by-products, prebiotics, and food biotechnology**” by the International Society for Energy, Environment and Sustainability.

Professor Vikas Nanda has been selected as the “**Master Trainer**” for Minor Forest Produce Processing of Honey by the Ministry of Food Processing Industries, Government of India, under Prime Minister Formalization of Micro Enterprise scheme.

Ms. Prjya Arya, a Ph.D. research scholar has received “**AWSAR Award**” for 2021 by the Department of Science and Technology, New Delhi.

Best Student Award has been conferred to **Mr. Shubhra Shekhar**, B.E. (FET) by the Central Executive Committee of Association of Food Scientist and Technology, Mysuru, India.

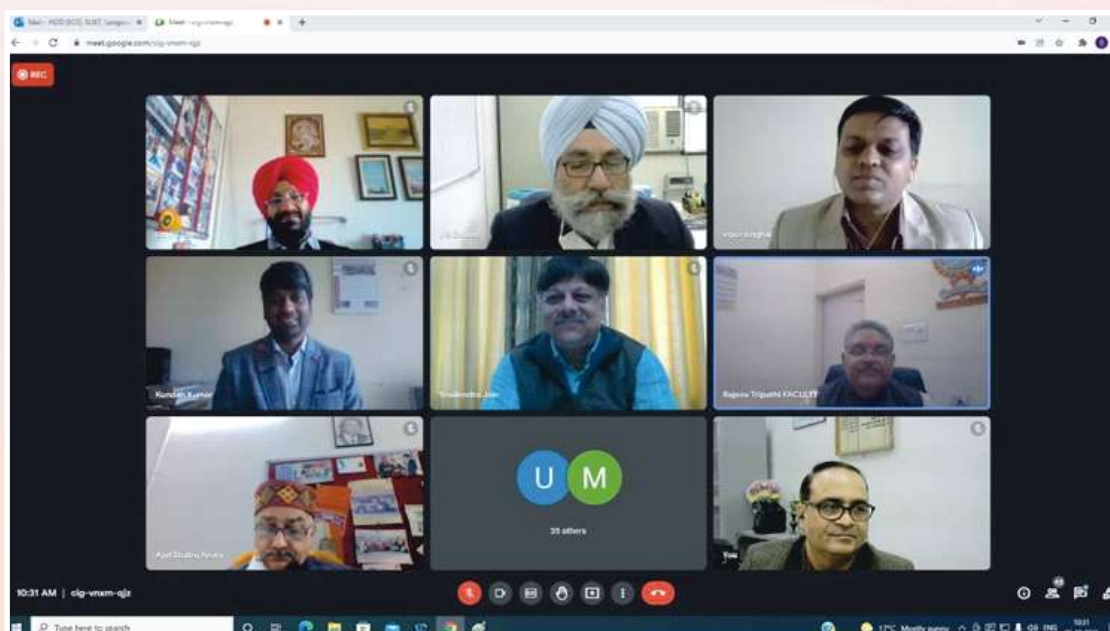

Department of Computer Science and Engineering organized an AICTE-QIP sponsored short term course on “Advancements in Computer Science and Information Technology coordinated by Dr. Jagdeep Singh and Dr. Utkarsh, a seminar on “Cyber Security Jaagrookta Diwas” coordinated by Dr. Amar Nath and Dr. Tajinder Singh and a workshop on Enhancement of Computer Skill for Ministerial and newly promoted staff of the Institute coordinated by Dr. Tajinder Singh and Dr. Rishabh Verma. Dr. Vinod Kumar Verma, along with Prof. Chao-Tung Yang, Dr. Chen-Kun Tsung, and Dr. Neil Y. Yen acted as a Guest Editor for a special issue of an open access Web of Sciences and Scopus Journal. Invited talks were delivered by Dr. Manoj Sachan.

Department of Electrical and Instrumentation Engineering organized IEEE 2nd international conference on “Electrical Power and Energy Systems”, a short term course on “Smart Grid Technology” and three ATAL FDPs on “Signal Processing and Machine Learning Techniques: Emerging Trend”, “Green Technology” and “Artificial Intelligence in Biomedical: Current Trends and Future”. Dr. A. S. Arora and Dr. Ashwani Kumar Aggarwal, bagged a collaborative project on “Non-Invasive application of Thermal Imaging to co-relate Clinically Node Positive Head and Neck Cancer” in association with Homi Bhabha Cancer Hospital and Research Centre, Sangrur, Punjab. Dr. Ashwani Kumar Aggarwal has been granted a collaborative project from Asia-Pacific Network for Global Change Research under its Capacity Development Programme on “Knowledge sharing and Capacity building for Precision Agriculture” amounting 75000 USD.

Department of Electronics and Communication Engineering in collaboration with Department of Electrical and Instrumentation Engineering organized a two-days' online workshop on "Scientific Writing Using LaTeX" coordinated by Er. Vipul Singhal and Dr. Ashwani Kumar Aggarwal, a short term course on "Recent Trends of Microwave and Photonics Technology: 5G and Beyond", coordinated by Er. Vipul Singhal and Dr. Kundan Kumar, a six-week summer internship programme on "Recent Trends in RF Technology: Simulation and Fabrication" coordinated by Dr. Kundan Kumar and Er. Alka Singla and a five days' ATAL FDP on "Recent Trends in Precision Agriculture" coordinated by Dr. Dilip Kumar and Dr. Ashwani Kumar Aggarwal. Dr. Surinder Singh received a project entitled "Design of High-speed Multichannel Optical wireless communication system based on hybrid WDM Free Space Optics Transmission link for MIMO applications" from Science and Engineering Research Board. A best paper award was received by Dr. Surinder Singh along with Mr. Amit Kumar Shakya at an international conference organized at NIT, Uttarakhand. An expert talk was delivered by Dr. J. S. Ubhi.

Department of Mechanical Engineering along with Autodesk organized a one day workshop on "Fusion 360" coordinated by Dr. Harish Arya, two self-sponsored short term courses on "Robotics and Automation" and "Application of MATLAB in Engineering, Sciences and Research" coordinated by Dr. Sunil Kumar and Mr. Surinder Kumar, Dr. Harish Arya respectively, an ATAL FDP on "Manufacturing and Characterization of 3D Printed Materials" coordinated by Dr. Anuj Bansal and Dr. Anil Kumar Singla, a one week online short term course on "Smart Manufacturing Technologies and Applications" coordinated by Dr. Shankar Singh. Under YUVAK Scheme, a study tour was organized for the students at ATAL Tunnel by Mr. Divesh Bharti.

Department of Chemical Engineering took an initiative to become a life organizational member of Indian Institute of Chemical Engineers. The department organized a workshop on “Career in Civil Services” in collaboration with VISIONIAS and organized IChE Lecture Series by Prof. Eray S Aydil Alstadt Lord Mark, Tandon School of Engineering, New York University, USA, Prof. Yunus Cengel, University of Nevada, USA, Dr. Chirodeep Bakli, IIT Kharagpur, and Prof. Sumesh P Thampi, IIT Madras. Dr. Gulshan Jawa delivered two expert talks.

In the **Department of Food Engineering and Technology**, a research project entitled “Probiotic-millet based synbiotic oral hydrogels for the amelioration of iron deficiency anemia and associated inflammation’ was sanctioned to Dr. Parmjit S. Panesar and Dr. C.S. Riar, funded by the department of Biotechnology, Govt. of India, New Delhi amounting Rs. 64.216 lakhs. Dr. Parmjit S. Panesar edited a book entitled “Probiotics, Prebiotics and Synbiotics: Technological Advancements Towards Safety and Industrial Applications”. Invited lectures were delivered by Dr. D.C. Saxena and Dr. Paramjit S. Panesar.

As a part of the celebrations of PAN India Awareness and Outreach Programme, Azadi ka Amrut Mahotsav, **Department of Management and Humanities** organized webinars on "Legal Awareness: A need of the Hour" and "Cyber Laws and Empowering Women through Legal Awareness" on National Legal Service Day, seminars on "Neuro-Linguistic Programming: Just do it" and “Communication Skills and Personality development" under the coordinatorship of Dr. Parveen Kaur Khanna, Dr. Pardeep Kumar Jain and Dr. Mandeep Ghai. Constitution Day was celebrated in the Institute which was coordinated by Dr. Parveen Kaur Khanna, Dr. Pardeep Kumar Jain, Dr. Mandeep Ghai and Dr. Kulwant Singh in the form of a seminar on "Cherishing and Imbibing the Constitutional Values". A book entitled “Life Skills for Skyrocketing Success” has been written by Dr. Pardeep Kumar Jain.

Department of Chemistry organized an online short term course on “Analytical Techniques in the realm of Molecules and Materials” and an International Union for Pure and Applied Chemistry Global Women’s Breakfast. Dr. Dhiraj Sud got one patent published and also filed one patent. Dr. Harish Kumar Chopra prepared 200+ video lectures.

Department of Mathematics in collaboration with Forum on Industrial and Applied Mathematics organized an online international conference on “Frontiers in Industrial and Applied Mathematics”.

A centralized **Training and Placement Department** is established in the Institute to meet its students’ placement and industrial training requirements. The department is keeping strong liaison with reputed industries to provide placement opportunities and impart industrial training to the students. Internship in various renowned industries namely Capegemini, Cognizant, L&T, Eicher motors, DRDO, ISGEC is provided to the students. In spite of pandemic situation, 69 industries have been pooled in to conduct recruitment process resulting in the placement of a substantial number of students. On the basis of a proposal submitted by the department, 11 first year students are selected for “Mera Swaraj Education Support Program” with a total scholarship of Rs. 95000.

The Institute is also well furnished with an updated **Central Library** catering to the needs of the students and faculty with a rich collection of books, journals, magazines, daily newspapers, periodicals, and e-resources. It was ensured during and after the Covid-19 situation that students have an open access to all these e- resources and databases even at the remotest of locations. The Institute Library procured 893 e-books during the pandemic. The Central Library also celebrated Azadi Ka Amrit Mahotsav by organizing a number of online quiz competitions for the faculty, staff and students.

SLIET is well equipped with a fully operational **Health Centre** which, under the chairmanship of Dr. Anupma Marwaha sincerely contributed to providing essential health services during the pandemic. Testing and Vaccination Camps are being conducted at SLIET Health Centre by the teams deputed by District Health Authorities.

In order to enhance our students' soft skills, a **Communication Skills and Personality Development Cell** has been made functional in the Institute. The Cell successfully organized a programme on “Learning Soft Skills for Academic Growth: A Beginners’ Programme”, a workshop on “Etiquettes and Communication Skills” for ICD students and a programme on “Towards Professional Success: Resume writing and Job interviews” for degree students under the coordinatorship of Dr. Dhiraj Sud and Dr. JapPreet Kaur Bhangu.

Besides vigorous academic activities, the Institute is also focusing on the overall personality development of the students. Therefore, adequate provisions for extra-curricular activities, including **Games and Sports** have been made. **NCC and NSS** units of SLIET are also quite proactive and have been rendering valuable services by inculcating the habits of social and national responsibility amongst the students. To showcase the talent of the students, technical and cultural programmes **Techfest, Madhuram and Kaladarpan** were organized in online mode in spite of the pandemic situation.

National days like **Republic Day** and **Independence Day** were celebrated enthusiastically in the Institute while adhering to the Government guidelines on Covid-19 wherein academic achievements of our students were recognized through prize money awards.

The **International Yoga Day** was celebrated in the Institute in order to promote hale and hearty, stress free and eco-friendly life at the campus in the form of Musical Yoga and webinars on "Wellness through Heartfulness" and "Yoga and Preksha Dyan" by coordinators Dr. Pardeep Kumar Jain, Dr. Parveen Kaur Khanna and Dr. Manoj Sachan.

The **Horticulture Department**, under the mentorship of Dr. C. S. Riar, successfully organized a **Tree Plantation Drive** as per the Government of India's campaign "**One Student One Tree**" and a Flower Exhibition. Adding another feather to the lush green serenity of the Institute, a Herbal Park is developed in the Institute. "**Natural Light Day**" is observed on every Thursday and "**No Vehicle Day**" is observed on every Friday to uphold a pollution free and eco-friendly environment.

All these achievements and accomplishments speak volumes of the values, commitment, and rootedness that we try to instil in our faculty, staff, and students. We always teach our students to be at the frontier of societal challenges and groom them abundantly well so that they can apply their technical and soft skills to resolve humanities biggest problems. My dear students, I would like to give you a few words of advice, as you stand on the threshold of new avenues in your life.

- अपने लक्ष्य को सदैव ऊँचा रखें और तब तक मत रुकें जब तक आप इसे हासिल नहीं कर लें। उसको हासिल करने के लिए पूरी शिद्दत से जुट जाएँ। कड़ी मेहनत थकान नहीं हमेशा संतोष देती है।
- सफलता हासिल करने के लिये नकरात्मक विचारों से दूर रहें व सकारात्मक सोच विकसित करें।
- काम को ही महत्वाकांक्षा बन जाने दीजिये और उन लोगों से दूर रहें, जो आपकी महत्वाकांक्षाओं को कम करने की कोशिश करते हैं।
- अवसर की प्रतीक्षा में मत बैठो। आज का अवसर ही सर्वोत्तम है।

- आत्मनिर्भर बनें और अपने देश को आत्मनिर्भर बनने में अपना योगदान दें।
- समस्या नहीं समाधान बने।

During these times of unprecedented adversity, I am certain that your success will serve as a ray of hope and that the resilience you have shown and seen, will strengthen your resolve to find and follow your purpose in ways that help and heal the world. But this is not the end, it is rather the beginning of a new, perhaps even more exciting, and unpredictable journey that will lead you to the next step. Who knows what tomorrow may bring to us all? Who can even predict how normality will look like in the near future? These uncertainties should not be a personal impediment but rather an opportunity to modify your way of thinking, to be creative in your own ideas and redefine your approaches to problem management and solution. Remember the words of our honourable Prime Minister **Sh. Narendra Modi Ji**,

माना कि अंधेरा घना है लेकिन दीया जलाना कहां मना है

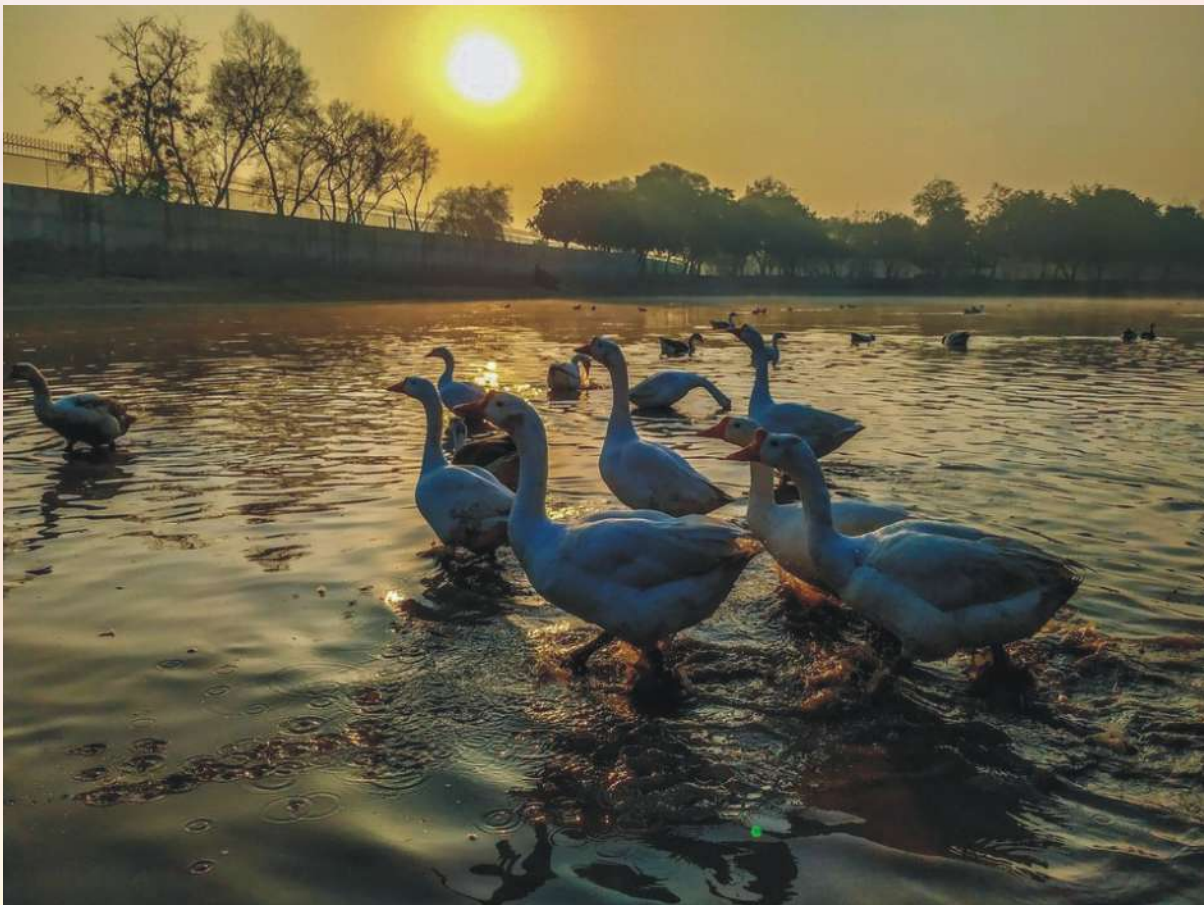

On the road of your journey ahead, you may encounter various dangers of deception and falsehood, but with SLIET in your hearts, you may draw on your cross-cultural capabilities and mobilize your strengths and potentials to face down any challenge and difficulty. The Institute has already sparked your curiosity and broadened your horizons. Tomorrow when you roll up your sleeves to take up the challenges of the nation and the world, do not forget the knowledge instilled in you at SLIET, conquer personal fears, take calculated risks, go for innovative and tangential thinking; all these will help you to climb the ladder of success. Go forth and rebuild the world you want to live in.

राह में मुश्किल होगी हजार, तुम दो कदम बढ़ाओ तो सही
 हो जाएगा हर सपना साकार, तुम चलो तो सही, तुम चलो तो सही
 मुश्किल है पर इतना भी नहीं, कि तू कर ना सके
 दूर है मंजिल लेकिन इतनी भी नहीं, कि तू पा ना सके
 एक दिन तुम्हारा भी नाम होगा, तुम्हारा भी सत्कार होगा
 सपनों के सागर में कब तक गोते लगाते रहोगे, तुम एक राह चुनो तो सही
 तुम उठो तो सही, तुम कुछ करो तो सही
 कुछ ना मिला तो कुछ सीख जाओगे, जिंदगी का अनुभव साथ ले जाओगे
 गिरते पड़ते संभल जाओगे, फिर एक बार तुम जीत जाओगे
 तुम चलो तो सही, तुम चलो तो सही

To conclude, I once again take this privilege to thank Honourable Chief Guest his Excellency Sh. Banwarilal Purohit Ji, for very graciously accepting our invitation to be the Chief Guest and kindly agreeing to deliver the Convocation Address. We are grateful to Dr. K. Radhakrishnan Ji and Prof. Rajeev Ahuja Ji for their valuable presence and words of encouragement to pursue excellence. I wish to record my gratitude to distinguished guests and media persons for finding time to grace this occasion. I express my sincerest sense of appreciation to our faculty, staff, and students for their ever willing cooperation in furthering the progress of the Institute. Last but not the least, I thank Prof. J. S. Dhillon, Dean Academics and his dedicated team for the successful organization of this event.

धन्यवाद

Address by Guest of Honour
Prof. Rajeev Ahuja, Director, IIT, Ropar

His Excellency **Sh. Banwarilal Purohit Ji**, Honorable Governor of Punjab and Administrator of Union Territory of Chandigarh

Dr. Shailendra Jain, Director, Sant Longowal Institute of Engineering and Technology, Longowal,

Members of the Board of Management,

Members of the Senate, Deans, Faculty, Staff, Graduating Students, Ladies and Gentlemen,

It is a great honour to address this august gathering of engineers on the coveted occasion of **24th Convocation of Sant Longowal Institute of Engineering and Technology, Longowal**, where all of us are present to recognize and applaud the sterling performance of the young brigade.

It gives me immense delight that SLIET has been moving ahead unremittingly in the field of technical education. Having a noble vision of partnering the national efforts in creating a just, equitable, progressive, and peaceful society, the Institute is making continuous efforts for bringing the marginalized and humble rural masses of the country to the mainstream of the society. The incessant contribution of its stalwarts, the vision of the founders, the leadership of its directors, the dedication of its faculty and staff members have been instrumental in this incredible accomplishment.

Dear students, today is the day of culmination of a journey for each one of you. It is a time of completion, of fulfillment and reaching out for the stars no matter how hard it seems. It is also a time of celebration of achievements and a new beginning. You completed your education amidst a global pandemic Covid-19. No doubt your life was disrupted. No doubt there was added stress and there was uncertainty. Despite these challenges, or more accurately because of them, you have emerged sturdier and victorious. You are our living legacies, and we feel a collective sense of pride for all that you have accomplished under the duress of the pandemic. The incredible resilience, flexibility, and perseverance you have demonstrated is motivating for all of us who have shared your journey at SLIET during these unprecedented times. These inner assets will assist you as you embark on life's next chapter.

You have reached the end of a certain phase in your education. Coming out from the sheltered portals of one of the best institutions, where the true spirit of learning is preserved and, where the encouragement of learning is fructified into knowledge, you have been empowered with the

tools to address the uncertainties and challenges of life's laboratory and to deal with both successes and failures with a positive attitude. Yet, As Millard Fuller said, "It's not your blue blood, your pedigree or your college degree. It's what you do with your life that counts."

Dear friends, there is a strong belief amongst the members of the young generation that one is insurmountable and invincible. A great belief to have. As you venture out in the world, as a steward of this nation and the custodian of very rich tradition of antiquity with modernization, you will realise that life, whether personal or professional is dynamic. Further the rate and pace of this continuous change is increasing exponentially. It is important to keep abreast of the constant changes, which are occurring in business, industry, and the economy. Being a part of the "Knowledge economy" demands this exponentially.

The problems and challenges that we face today are very different and complex. Recent developments in the world are raising questions on current beliefs and notions of globalisation, free trade, migration, and being part of the larger economic regions. Change is on the horizon.

Thanks to the academic environment in the country, India is now passing through a new phase and capturing world attention and respect. Perhaps enabling us to recalibrate our role in the global economy. Indian economy has taken rapid strides in a highly competitive environment. 'Make-in-India' and 'Digital India' aim to transform India into a digitally empowered society and are creating a new horizon of industrialisation. We have now moved towards 'Make in India 2.0', which is providing renewed focus on ten champion sectors, hence, providing growth and creating immense job opportunities in the manufacturing sector.

A new landmark 'Science, Technology & Innovation Policy, STIP 2020', is also on the anvil as technology foresight is required to select the critical technologies needed for the rapid development of the country. It aims at positioning India amongst the top three scientific superpowers in the decade to come. In all this, we need to develop self-reliance, that is to achieve what our Prime Minister Sh. Narendra Modi Ji calls Aatmanirbhar Bharat. Of course, Aatmanirbharta does not mean that we should not go in for international collaboration, we should go in but only as an 'equal partner' basis, and this is happening now. A new 'National Education Policy, NEP 2020', has also been announced by the Government, with many new forward-looking features and flexibility. I am happy to know that Dr. Shailendra Jain along with his entire team is working rigorously to bring these aspects into the Institute's curricula.

As it is a fact that technology reinvents itself and gravitates towards new horizons, there are extraordinary opportunities available for those, who are prepared to face the challenges. Only those of us will survive, succeed, and lead, who will be able to anticipate and accept the change.

It is you, the young and dynamic Indians, who are emerging as a knowledge powerhouse, have the ability to alter the future of India. You have to apply your knowledge, your passion, and your character to bring about the changes you dream about. Remember what Mahatma Gandhi Ji said, “Be the change that you wish to see in the world”. Always remember the seeds of knowledge, innovation, creation, and implementation, your Institute has instilled in you. And while the sky may be clouded with the uncertainty of the unpredictable future, always nurture your garden until the sun comes out and the new world blossoms and blooms with everything that you have planted.

Before I conclude, I would like to quote the words of Swami Vivekananda, “All power is within you. You can do anything and everything. Believe in that. Do not believe that you are weak; do not believe that you are half-crazy lunatics, as most of us do nowadays. Stand up and express the divinity within you.”

The road ahead is long, but the journey promises to be exhilarating. Take each challenge not with ‘why you can’t’ but ‘how you can’.

Yes, you can transform our country, our Bharat Mata, Mother India.

I wish you the greatest good luck as you take up this considerable challenge and begin the next part of your amazing life.

Jai Hind !

Convocation Address by Chief Guest **His Excellency Sh. Banwarilal Purohit, Governor of Punjab**

Dr. K. Radhakrishnan, Chairman, Board of Management,

Prof. Rajeev Ahuja, Director, IIT, Ropar,

Prof. Shailendra Jain, Director, SLIET, Longowal,

Members of the Board of Management, and Senate

Faculty, Staff, and most importantly the Graduating Students who are

standing today on the threshold of a golden future,

नमस्ते/ Sat Shri Akal,

पंजाब के मालवा क्षेत्र के प्रमुख तकनीकी संस्थानों में से एक, संत लोंगोवाल इंस्टिट्यूट ऑफ इंजीनियरिंग एंड टेक्नोलॉजी, लोंगावाल के 24वें दीक्षांत समारोह का साक्षी बनकर मैं अत्यंत प्रसन्नता का अनुभव कर रहा हूँ, जब आप अपने जीवन की एक महत्वपूर्ण उपलब्धि हासिल करने जा रहे हैं। 24वें दीक्षांत समारोह के इस शानदार दिन पर मैं इस वर्ष के स्नातकों को एक प्रमुख उपलब्धि सफलता पूर्वक हासिल करने के लिए बधाई देना चाहता हूँ।

Despite the challenges that Pandemic had posed, you came out with flying colours and have shown a great amount of resilience, determination and dedication to get to where you are today.

इस अवसर पर मैं आप सभी के माता-पिता को भी बधाई देना चाहता हूँ। अपने बच्चों को उपलब्धियों के इस मोड़ पर लाने में आपका संघर्ष भी उतना ही महत्वपूर्ण है।

I can also see the immense pride reflected in the eyes of the Management, Director, Faculty and Staff of the Institute whose untiring and unremitting efforts have created not only proficient engineers but also responsible citizens.

Friends, your Institution is a remarkable one. I am told that here, despite the constraints of being **located in a remote area**, the Institute has created a niche for itself by promoting technical education to the students from all over India especially from the **rural and financially humble backgrounds**. In its forward march spanning over 32 years, it has diversified into various academic disciplines and is engaged in the promotion of higher education and research. It bears the name of **Sant Harchand Singh Ji Longowal**, in whose memory the Institute was established by the Govt of India. A great patriot and a man of vision, he laid down his life for the unity and peace in Punjab. The country needs more visionaries like him today when it is grappling with the challenges of terrorism sponsored by the notorious neighbouring countries like China and Pakistan. Friends, you are lucky to be a citizen of a country where the government resorts to curb all the anti-national activities mongered by the intruders.

The 21st century is described as a knowledge driven century and the government of India aims to provide an impetus to the same. It is working incessantly to accelerate a scientific and

technological temper in the country for industrial progress. It is here where the relevance of modern technological institutes like **Sant Longowal Institute of Engineering and Technology** has assumed a real place in the nation's development.

It is most heartening to note that your Institute has become a part of the present endeavour for keeping the nation's wheels on the path of progress.

Dear graduating students, I would like to remind you of the fortune that you hold by being an alumnus of this premier Institute. You are lucky that you are passing out at a time when the world is looking at India as a land of unique opportunities. Under the able leadership of our **Honourable Prime Minister Sh. Narendra Modi Ji**, India has become a Global Manufacturing Hub and initiatives like '**Make-in-India**' and '**Digital India**', have given boost to entrepreneurship in India. Recently, the government has also successfully launched the **National Education Policy** which is definitely a landmark change that is going to bring revolutionary reforms in the Indian education system.

I am delighted to learn that SLIET, in all its possible outreach, has timely anticipated the shifting needs of the new educational global standards and is efficiently equipping its students to compete with the world challenges. The Institute is already offering multiple entry-exit modular pattern of education to its learners through its various Programmes, which is a major objective of **NEP-2020**. The Institute is also perpetuating vocational education and strengthening the youth from economically weaker sections of society. It is in line with one of National Education Policies' major agenda, i.e., to impart education best suited to the needs of our rural set-ups. For this, SLIET is already serving the masses through its **Formal and Non-Formal Programmes** and integrating the concept of '**local**' and '**global**'.

Dear Friends, your Convocation is taking place amidst an extraordinary global crisis. The Covid-19 pandemic has been unprecedented in the modern era. Every day is bringing new logistical challenges, health concerns, expenses, controversies and new dashed hopes of normalcy. The stakes are high and having to face them unceasingly is wearying. As the Virus keeps mutating and throwing up new variants, scientists are grappling with the situation and trying to find a cure to come out of these troubled times. It has been an extraordinary crisis for the nation too, but our government has been efficiently overseeing the **largest Vaccination Drive** in history. Always keep in mind, with every crisis comes opportunities. During these times, you must have learnt better ways to respond to difficulties and challenges.

I am happy to know that demonstrating the words of our **Honourable Prime Minister**, "आपदा को अवसर में बदलना है", **Dr. Shailendra Jain, Director SLIET** with his entire team has not only strived really hard in dealing with the challenges of online education but has also groomed the students during these testing times about the importance of being self-reliant, hence, inculcating the values of **Aatmanirbhar Bharat Mission** in its true sense.

My dear young friends, I know that there are great, attractive opportunities waiting for you when you step out of this prestigious Institution. No matter where you work, no matter where you live, do also keep in mind the needs of your Motherland, India. Do not forget, you have a great responsibility to craft the agenda of a **New India**. Keep intact your values of discipline, openness to new ideas, meritocracy, honesty, courtesy, fairness, accountability and respect for other cultures. Embrace patriotism and be proud of being an integral part of the vast, rich cultural mosaic that is India. Work proficiently, swiftly, effectively, honestly and in a co-operative manner with the interfaces of the state and central governments to make our public governance strong, robust and enduring. Make the next generation proud of our country through your actions. Above all, augment the prestige of India both at the national and the international platforms.

Remember what Swami Vivekananda said, “This life is short, the vanities of the world are transient, but they alone live who live for others, the rest are more dead than alive.”

प्रिय छात्र, अपने लक्ष्य में सफल होने के लिए तब तक नहीं रुको, जब तक आप लक्ष्य हासिल न कर लें। आपको मार्ग से भटकने के लिए बहुत विकल्प मिलेंगे, परन्तु एक संकल्प आपको मंजिल तक जाने के लिए काफी है। याद रखें, जीवन में चुनौतियां हमें बर्बाद करने के लिए नहीं, बल्कि हमारी छुपी हुई शक्तियों के बाहर निकालने में हमारी मदद करती हैं। आप चुनौती को स्वीकार करें ना की आरामदायक जीवन को। अंत में, मैं पूर्व प्रधानमंत्री श्री अटल बिहारी वाजपेयी जी की कुछ पंक्तियाँ आपसे साँझा करना चाहता हूँ :

क्या हार में, क्या जीत में किंचित नहीं भयभीत मैं

कर्तव्य पथ पर जो भी मिला

यह भी सही, वो भी सही

वरदान नहीं मांगूंगा

हो कुछ भी, पर हार नहीं मानूंगा, हार नहीं मानूंगा

So, friends, let us live for the growth of our nation and the welfare of our countrymen.

Once again, I wish you all the very best in your journey of life. May God bless you in all your missions.
