MESSAGE

My heartiest congratulations to the Graduating Batch of 2022 as they witness the 25th Annual Convocation Ceremony on the 34th Foundation Day of SLIET, Longowal!

Convocation is amongst the most important milestones in students' academic lives. This is an occasion of celebration and triumph that marks the cessation of one phase of the educational journey and genesis of the next. This extraordinary batch of 2022 has been a part of unique set of circumstances by attending virtual as well as traditional mode of classroom learning. So, relish the memories made and look ahead at the dreams designed.

I wish the Director and his entire Team thriving success in all their future enterprises. May you accomplish newer pathways in excellence and achieve greater heights.

MESSAGE

I am glad to know that Sant Longowal Institute of Engineering and Technology, (SLIET), Longowal will be celebrating its 25th Convocation on the Foundation Day of the Institute. I express my best wishes to the toppers, medal-winners, and all the graduating students who are receiving their degrees. I also applaud the faculty and other staff members for their efforts.

I am hopeful that all the graduating students will enter a world full of unlimited opportunities and will contribute to various fields of Research and Development, AI, Entrepreneurship, etc. I urge all the students to be a part of the journey of building the Atmanirbhar Naya Bharat- Swachha Bharat, Swastha Bharat, and Sashakt Bharat.

On the occasion of this 25th convocation of the Institute, I extend my greetings and good wishes to the Director of the Institute and his team including the students and wish the program a grand success.

Dr. Subhas Sarkar

Dr. K. Radhakrishnan

Chairman, Board of Management

Longowal-148106, Punjab

MESSAGE

Greetings to the Graduating Batch of 2022! It is a great pleasure to be a part of your journey as you begin your voyage of exploration, innovation, self-discovery and personal success.

SLIET has enlightened, educated and equipped you with all the requisite skills, potential and knowledge to conquer the world of your aspirations. There are limitless possibilities that await you. You will encounter dilemmas of finding the apt places where your talents and interests can outshine the competition. Reach out to those challenging horizons and be an explorer. Remember you can never cross the ocean until you have the courage to lose the sight of the shore.

Congratulations to the Director SLIET, Dr. Shailendra Jain and entire faculty of the Institute for their invaluable contribution in diligently preparing these young graduates for facing the immense challenges that lie ahead of them.

Wishing you all the very best for the successful organization of this grand event.

K. Radhakrishnan

MESSAGE

It is extremely invigorating that Sant Longowal Institute of Engineering and Technology, Longowal has completed yet another promising year of academic excellence and we are celebrating this fine achievement in the form of **25th Convocation on the 34th Foundation Day** of the Institute.

Graduating Class of 2022 has overcome extraordinary circumstances to forge the path and arrive at their destination as graduates today. I am certain, as you look back, you will see that there is a long and winding path that has led you to this moment. In future, life may put your best-laid plans through the paper shredder; getting your dream job may not seem a cake walk; and you may encounter rough patches in your life's journeys. But as you stand at the threshold of a new phase in your life, I urge you to draw strength and inspiration from the inheritance received at SLIET. Go forth into the world and explore that the future has to offer you. **Never underestimate your capabilities and knowledge as the smallest step can create the most sweeping change. What may seem a catastrophe to you could actually be an opportunity.** Go grab it and accomplish great things in life.

On this solemn occasion I extend my sincere thanks to Chairman, Board of Management for his valuable guidance and Team SLIET for its commendable cooperation in the successful conduct of this event.

Shailendra Jain

MESSAGE

We are delighted to host the 25th Annual Convocation on December 20, 2022, which is the Foundation Day of SLIET, Longowal. Being a premier institute of engineering and technology, our goal is to transform the world through our contribution in the realm of education. It may sound idealistic, but that is precisely our mission. This is what propels the SLIET fraternity, students, and alumni, and we pledge to continue this rich legacy.

Congratulations to all the young graduates on their incredible achievement. Our hearts are satiated with pride and delight on this occasion. Your graduation ceremony may feel like the last step in SLIET, but your connection with the Institute will last a lifetime. We warmly welcome you to our alumni association.

Thanks to the Director, Prof. Shailendra Jain, for being a true mentor and guide to SLIET faculty, staff, and students.

J.S. Dhillon

MISSION

1. Non formal, flexible, modular, multipoint entry programmes in engineering and technology and in the areas like rural development educational planning, information and management sciences.
2. Education and training in modern technology areas.
3. Promotion of self development among the students.
4. Extension services to industry working population, passed out students, social organisations and institutions of research and higher learning.
5. Close interface with the industry to conduct research on the basis of manpower requirements leading to integrated educational planning curriculum development and instructional material preparation in technology and inter-disciplinary areas.
6. Promotion of institute-institute linkages for sustainable development of academic and research.

VISION

SLIET shall strive to act as an international podium for the development and transfer of technical competence in academics through formal and non formal education, entrepreneurship and research to meet the changing need of society.

MEMBERS OF BOARD OF MANAGEMENT, SLIET, LONGOWAL

1.	Dr. K. Radhakrishnan Chairman, BoM, SLIET, 3D Atria Tower, Aquila Heights, HMT Factory Main Road, Jalahalli, Bangalore.	Chairman

Welcome Address by Prof. J. S. Dhillon, Dean (Academics)

Honourable Chief Guest of the day, **Prof. D.S. Chauhan Ji**, Former Vice Chancellor, Dr. A.P.J. Abdul Kalam Technical University, Lucknow,

Esteemed **Dr. K. Radhakrishnan Ji**, Chairman, Board of Management, SLIET,

Prof. Rajeev Ahuja Ji, Director, IIT, Ropar and Member, Board of Management, SLIET, Longowal,

Prof. Shailendra Jain Ji, Director, SLIET,

Members of the Board of Management,

Distinguished Guests,

Members of Electronic and Print Media, Deans, Heads, Faculty and Staff Members, beloved Graduating Students, their Proud Parents,

Ladies and Gentlemen,

I feel privileged to be given this great opportunity to extend a very warm and heartfelt welcome to this august gathering on the occasion of the **25th Annual Convocation of the Sant Longowal Institute of Engineering and Technology, Longowal**. Today is a grand celebration, as we are celebrating the annual convocation on the **34th Foundation Day** of the Institute. That is why we have gathered to solemnly reflect on our past and relate it to our present so as to plan our future.

On this remarkable day, we are indeed fortunate to have amongst us **Professor D.S. Chauhan**, Former Vice Chancellor, A.P.J. Abdul Kalam Technical University, Lucknow, as our Chief Guest. His amazing presence has lent this occasion a distinctive honour and prestige.

I also welcome a distinguished space scientist, explorer, and researcher, **Dr. K. Radhakrishnan**, Chairman, Board of Management, SLIET. His far-sighted leadership and expert guidance always boost our Institute to new heights. I extend a warm welcome to **Prof. Rajeev Ahuja Ji**, Director, IIT, Ropar who is an esteemed member of Board of Management, SLIET.

Professor Shailendra Jain, the young and energetic Director of SLIET, deserves a special welcome. His persistent dedication and visionary approach to education are highly commendable. We derive our enthusiasm and inspiration from his expertise.

Dear Graduates, at the outset, I extend my sincere felicitations to you for achieving a memorable milestone in your academic life. Graduation is a glorious ceremony meant to celebrate an individual's academic achievements. It is the time when all those sleepless nights and random breakdowns become all worth it. Today is your day, and you should be proud of yourself. The

arc lights are on you. But swaying on the wings of your accomplishments are your parents and elders. It is a very special day for them too. They have waited eagerly to see you walk up to this podium and receive your graduation degrees. It has been their lifelong dream. Don't ever forget the struggles they underwent and the sacrifices they made to bring you here. Their contribution to your success is immeasurable.

The Institute recognizes your accomplishments, and, on our part, we have left no stone unturned to make this day one of the most memorable moments of your lives. Today, as we celebrate the Convocation Ceremony, I would like to congratulate each of you for your triumphant academic journey. This success is undoubtedly the result of your tenacity and perseverance, the unwavering support of your family, the dedication of our hardworking faculty who spent untold hours igniting young minds while also ensuring a balance between your psychological well-being and academic achievements, and the efficient staff members whose dedication and hard work have always ensured a supportive environment in the Institute.

My dear friends, learning is not confined to the classroom or the portals of this Institute; it is a life-long process. No case studies can be better than your own life's experiences. Today's convocation is not the end of your educational journey; it is merely a pit stop. So, as you step out into the world of unlimited challenges that tax you every moment, I am sure that by now you have developed the ability to plumb your own depths, reflect on your own values, and startle yourself with a plethora of competencies beyond your own estimation. Remember, it is through the practice of contemplation that sound judgement emerges. These are unprecedented times, with problems on many fronts. Do not be disheartened. Instead, more than ever, this is your chance to take the initiative, overcome the challenges, and grasp the countless opportunities. It is a time when you can shape the future. Through your years on this campus, you have earned your academic spurs, and have also come to share our aim of making a positive impact on society. In sync with SLIET's philosophy of "**Together we can make a difference**", we believe that you will be respected for your knowledge, skills, and societal contribution, and you are going to leave your footprints on the sands of time. We hope that you will leverage your capabilities to chart out a fulfilling path for yourself, even as you become a beacon for others to follow.

Friends, in order to find success in this challenging world, to make a positive impact on it, and to make the world a better place to live in, you all need to become worthy human beings. You need to be more knowledgeable than you are today. You need to be a better risk-taker and be

open-minded. Just because you are graduating today does not mean that your grooming is accomplished, you will have to keep on brushing up your personalities for better lives. I beckon you not to rest on your accomplishments but to be ready to learn more and grab the opportunities that come your way to meet the aspirations of society. Never be discouraged by the current passing difficulties we are experiencing as a result of the unprecedented pandemic or other national and global issues that have occurred since 2020. The threats strewn on our paths are meant to test our mettle. Impediments are the frightful things we see when we take our eyes off our goals. Nobody can stop you unless you choose to be. Always remember the immortal words of Swami Vivekananda.

“Take up an idea, make that idea your life – think of it, dream of it, live on idea. Let the brain, muscles, nerves, every part of your body, be full of that idea and just leave every other idea alone. This is the way to success.”

So, my dear students I join you in celebrating your success on this jubilant and auspicious occasion. From tomorrow onwards, you all will be burdened with the errands of life. You were resilient and met a historic challenge with great aplomb. The character you displayed while doing so will serve you for the rest of your life. A bright future beckons you. Be ready to step out confidently when opportunity knocks at your door.

Today is your day to bear the fruit of your hard work. So, celebrate your triumph, enjoy the moment, and wake up tomorrow to a big and spectacular world, that is your own. As you embark on the next chapter of your life, I wholeheartedly wish you immense success and happiness.

With these words, I once again thank our honourable Chief Guest and distinguished Chairman for their benign presence amongst us today. We hope this event will be memorable for all present here.

Thank You.

Jai Hind!

Institute Report and Foundation Day Address by Prof. Shailendra Jain, Director

Honourable **Prof. D.S. Chauhan Ji**, Chief Guest of today's Convocation Ceremony,
Most revered **Dr. K. Radhakrishnan Ji**, Chairman, SLIET, Longowal,
Prof. Rajeev Ahuja Ji, Director, IIT, Ropar and Member, Board of Management, SLIET,
Longowal
Members of the Board of Management,
Members of the Press and Electronic Media,
Deans, Heads, Faculty and Staff Members of the Institute,
Beloved Degree Recipients and their Proud Parents,
Ladies and Gentlemen,

Heartiest welcome to you all on this special occasion of **25th Convocation** of Sant Longowal Institute of Engineering and Technology, Longowal. The Day carries yet another significance for all of us as we are celebrating the remarkable success stories of our students on the Institute's **34th Foundation Day**. On this momentous occasion, we are extremely delighted to be in the company of an eminent academician and administrator Prof. D. S. Chauhan Ji as our Chief Guest. Sir, on behalf of the entire SLIET fraternity, I extend a warm welcome to you and express our heartfelt gratitude for accepting our invitation to be the part of today's celebration.

I am also indebted to Dr. K. Radhakrishnan Ji, Chairman, Board of Management, for his ever encouraging guidance and support. Team SLIET always relies on your efficient mentorship for the Institute's success and sustainability, and we shall continue to look up to you for realizing our mission and vision. I also welcome **Prof. Rajeev Ahuja Ji**, Director, IIT, Ropar, who has very kindly consented to be the part of this august gathering.

It has been said and believed that for any great work it is important to have the right foundation. It actually forms the platform for the future. This stands true for the Foundation Day of SLIET; this day on which the Institution embarked on its magnificent journey is certainly special and needs due celebration. It is an apt time to reflect on the beginnings that took place since its inception in 1989 as a vision of **Sant Harchand Singh Longowal Ji** and the changes that have come paving the way for success over these years. Despite the constraints of being **located in a remote area**, the Institute has created a niche for itself by promoting technical education to the students from all over India especially from the **rural and financially humble backgrounds**. In its forward march spanning over 33 years, it has diversified into various academic disciplines and is engaged in the promotion of higher education and research. Through its Formal and Non

Formal Programmes, the Institute is offering multiple entry-exit options right from an early stage of life, which are the major objectives of the novel **National Education Policy 2020**.

Today, I salute the spirit of all our founder fathers and the dynamic contributors who carried forward the legacy and ensured the success of the Institute from laying its foundation to the present heights. Team SLIET takes a pledge to work earnestly for the growth and development of the Institute from all aspects.

Congratulations to the graduating students of 2022 who undertook their degrees under unprecedented circumstances and possibly missed out on some benefits of campus life and peer learning due to Covid-19. Nonetheless, we are confident that you must have gained a lot while your topsy-turvy journey at SLIET. We congratulate you for your exceptional success in reaching this far. With the mentorship and dedication of your teachers, you have exhibited the spirit of tenacity and determination in pursuit of your academic goals. You did not waver even during all the challenges you have encountered in your academic journey. You remained steadfastly focused and kept the faith until you accomplished the goal of graduation. I salute and congratulate you all. Your parents, guardians, and benefactors also deserve our gratitude for guiding and supporting you in your quest for academic qualifications.

The Institute has armed you with skills, abilities, and aptitudes that has made you vibrant thinkers and achievers. We hope you will not carry just the mindset of graduating to get jobs. Use the opportunities that your Institute and the Govt. of India has offered you to create a meaningful future for yourselves. Look beyond your discipline; be creative, innovative and go-getters; seek to solve the country's challenges, for therein lies the chance for creating innovative products, services and business opportunities that can lead to the growth and success of the motherland. It will be your contribution that will ensure the accomplishment of the reforms that our worthy **Prime Minister, Shri Narendra Modi Ji**, desires for our younger generation. It is your effort that will enable the state to successfully carry out its campaigns like **Atmanirbhar Bharat, Make in India, Digital India, Start-up India**, etc. and guarantee "**Sabka Saath, Sabka Vikas, Sabka Vishwas, Sabka Prayas**".

Being stakeholders of technical education and ignited in our minds with this spirit of dynamic transformation for our youth, Sant Longowal Institute of Engineering and Technology, Longowal is determined to be an effective partner in the resurgence of New India. This day is a witness of our unheralded commitment as today we are proudly conferring 16 Ph.Ds, 83 Post-Graduate Degrees, and 551 B.E. Degrees in diverse streams of engineering, sciences, management and humanities.

It gives me immense pride in sharing with our distinguished guests of the day that we, as an Institute, are known for providing state-of-the-art infrastructure and a veracious academic ambience for developing young students into competent professionals. At present the Institute is offering 13 Integrated Certificate-Diploma, 7 Degree, 11 Post-Graduate, and Ph.D Programmes in various disciplines.

Today, I am pleased to present before you the annual report of the academic year 2022. The report will project a fairly good idea about the scale at which things are planned meticulously and judiciously in the Institute.

After getting all the UG Programs accredited by NBA and receiving **Outstanding Institute Award** (Engineering College Category) in the Northern Region in 2021, SLIET, Longowal added yet another feather to its cap by bagging a **“Certificate of Appreciation”** in 2022 conferred by the **“Institution of Engineers”** for its admirable contribution in the field of engineering education at the national level.

The Institute has successfully signed **Memorandum of Understandings** with **ICAR-Central Institute of Post-Harvest Engineering and Technology, Ludhiana, Mehr Chand Polytechnic College, Jalandhar, and Research for Resurgence Foundation, Nagpur.**

The Institute has been selected for **Visvesvaraya Ph.D Scheme for Electronics and IT** by the Ministry of Electronics and Information Technology, Government of India and received a grant of Rs. 1,02,91,200 for Ph.D student fellowship and infrastructure development.

Apart from these activities, the Institute faculty constantly endeavoured to continue with its scholastic achievements and has outshined in the academic arena.

Prof. Parmjit S. Panesar has been elected as **“Fellow 2021”** by the ‘Academy of Microbiological Sciences’, during 62nd Annual International Conference of Association of Microbiologists of India at University of Mysore, Mysuru. **Prof. Panesar** has also been selected as **Member of National Level Technical Expert Committee** of Microbial and Natural Sciences Programme of the Department of Biotechnology, Govt. of India.

Proud To Be Part of Team SLIET

Together We Can Make a Difference

Dr. Gulshan Kumar Jawa has been elected as **Member of Executive Committee** of Punjab and Chandigarh State Centre, Institution of Engineers, India.

Dr. Surita Maini published a **patent** entitled “An apparatus and method for determining relative concentration of a sample”.

Dr. Surinder Singh published two **patents** entitled "Smart uv-c safe disinfect waste bin and method thereof" and "Method and device for generating optical frequency comb (ofc) signal and ofc system there of".

Dr. Ashwani Kumar Aggarwal has been selected by Ministry of Education, Government of India for **Secondment of Indian Faculty** at Asian Institute of Technology, Bangkok, Thailand.

Dr. Jagdeep Singh of the **Department of Computer Science and Engineering** delivered an invited talk on “Concepts of HTTP, HTTPS, and Proxy Server” at Rajiv Gandhi National University of Law Punjab, Patiala and “Hands-on practice of Microsoft Visio” at SLIET, Longowal.

Department of Electrical and Instrumentation Engineering organized workshops on "PLC in Industrial Automation" under the coordinatorship of Dr. Raj Kumar Garg, Dr. Barasha Mali; "Internet of Things: Fundamentals and Applications" under the coordinatorship of Dr. Jaspreet Singh, Dr. Manmohan Singh and a one week training on Skill Development for Senior Technical Assistants at CIPHET, Ludhiana under the coordinatorship of Dr. Sanjay Marwaha. An industrial visit was organized for the students at Koldam, Himachal Pradesh by Dr. Charanjiv Gupta.

In the **Department of Electronics and Communication Engineering**, Dr. Kundan Kumar and Dr. Surinder Singh have been granted Startup Research Grant and Teachers Associateship for Research Excellence by SERB, New Delhi amounting to Rs. 16.31 and 18.30 lacs respectively.

Govind Vashishtha from the **Department of Mechanical Engineering** completed a project entitled "Development of fault identification system for water turbine" sponsored by AICTE, New Delhi amounting Rs. 17 lacs under the supervision of Dr. Rajesh Kumar.

In the **Department of Chemical Engineering**, Sanket Biswas, Harshita Tiwari and Sujata Verma, final year students, working under the guidance of Dr. Kamlesh Kumari got Indian Institute of Chemical Engineering Project grant of Rs. 10,000 for their Project "High accuracy determination of rheological properties of drilling fluids using Marsh funnel". Industrial tours were organized by Dr. S. M. Ahuja and Dr. Gulshan Kumar Jawa to Shive Proteins, Tohana, Verbio India Private Limited, Lehragaga and Moonak Fertilisers, Moonak.

Department of Food Engineering and Technology organized a number of events to propagate Prime Minister's vision to position India as the 'Global Hub for Millets' in line with the declaration of the year 2023 as 'International Year of Millets' by United Nations General Assembly. A short term programme on "Operation and Maintenance of Honey Processing Equipment" was organized under the coordinatorship of Dr. Vikas Nanada and Dr. Navdeep Jindal. To boost the Internship and Placement activities, the department organized a series of lectures by alumni.

Department of Management and Humanities organized a seminar on "Legal Awareness for Sensitizing the Youth" under the aegis of Punjab State Legal Services Authority and District Legal Services Authority, Sangrur coordinated by Dr. Parveen Kaur Khanna, Dr. Pardeep Kumar Jain, and Dr. Mandeep Ghai.

Department of Chemistry organized an international conference in hybrid mode on "Advanced Functional Materials: Future Perspectives" in collaboration with Dr. B. R. Ambedkar National Institute of Technology, Jalandhar, Defence Institute of Advanced Technology, Pune and Université de Bejaia, Algeria. Dr. Dhiraj Sud and Dr. Anil Kumar Singla published an edited book entitled "Nanomaterials in Manufacturing Processes" by CRC press, Taylor and Francis Group.

Department of Physics organized an expert talk on "New trends in X-ray scattering and validation of density functional theory" and **Department of Mathematics** organized a workshop on MATLAB.

Training and Placement Department played an effective role in the placement of about 360 students of 2018-2022 batch which is the ever highest number. The appointment offers were distributed amongst the students in the annual event "Udaan: Campus to Corporate". 11 students are selected by Mahindra Group under "Mera Swaraj Education Support Program" with a total scholarship of Rs. 95000. One student has been selected by Seimens Group for scholarship of 3.5 lacs.

Besides vigorous academic activities, the Institute is also focusing on the overall personality development of the students. Therefore, adequate provisions for extra-curricular activities, including **Games and Sports** have been made. The Institute's Sports Department organized National Sports Day, an Annual Athletic Meet, Fun Cricket Tournaments, a Cycle Rally, and Induction Programmes during the session.

NCC and **NSS** units of SLIET are quite proactive and have been rendering valuable services by inculcating the habits of social and national responsibility amongst the students. The Cadets of SLIET NCC unit participated in an Annual Training Camp conducted at Dr. B. R. Ambedkar College, Roshanwala, Sangrur and won 22 gold, 19 silver, and 18 bronze medals.

The Institute owns its social responsibility of awareness and tries to provide a safe and congenial environment for its employees and students. By observing '**Discrimination Against Women Pakhwada**' as per the directives received from Ministry of Education, Govt. of India, the Institute organized a number of events like Poster Making, Essay Writing, Poetry Composition, Invited Lectures by Experts, and Awareness March under the coordinatorship of Dr. JapPreet Kaur Bhangu and Dr. Parveen Kaur Khanna.

A **Vigilance Awareness Campaign** was also initiated under the coordinatorship of Dr. Pardeep Kumar Jain, Dr. Sanjeev Garg and Dr. Mandeep Ghai.

Republic Day and **Independence Day** were celebrated enthusiastically in the Institute wherein academic achievements of our students were recognized through prize money awards. On the eve of India's 75th Independence Day the tricolor was hoisted under "**Har Ghar Tiranga**" Abhiyan.

To display the talent of the students, technical and cultural programmes **Techfest** and **Madhuram** were organized.

The **Horticulture Department** organized a **Tree Plantation Drive** and a Flower Exhibition.

“**Natural Light Day**” is observed on every Thursday and “**No Vehicle Day**” is observed on every Friday to uphold a pollution free and eco-friendly environment.

All these achievements and accomplishments speak volumes of the values, commitment, and rootedness that we try to instill in our faculty, staff, and students. We always teach our students to be at the frontier of societal challenges and groom them abundantly well so that they can apply their technical and soft skills to resolve humanities biggest problems. My dear students, I would like to give you few words of advice, as you stand on the doorsill of new vistas in your life.

- Be a role model to your junior batches and inspire others around you.
- Never compromise with hard work; smart work may pay you for a while but the fruits of hard work shall remain with you throughout.
- The sky is your limit. Spread out your wings and soar high.
- Embark on who you are, embrace life with passion and keep reaching for the stars.
- Chase your dreams. Never stop trying. Never stop learning. Live life to the fullest and give it nothing but your best.

Dear Friends, at SLIET, you have earned ideas with a strong foundation. Your training, skills and knowledge will definitely help you to make a strong place in the practical world. We Indians are fortunate that our education system is value based unlike the education in the West. We

I once again congratulate you on your successful completion of your degrees and wish your dreams be your wings that can take you to a prosperous future. Go forth and rebuild the world you want to live in.

बादल जब छाये सूरज पर,
अम्बर भी बरसाए पीर,
रहो अपितु दृढ हृदय वीर,
विजय तुम्हारी है निश्चित!
बाद शरद के आता ग्रीष्म,
हवा सदा ही लहर बनाती,
बढ़ते आगे धूप-छाओं से,
सतत बढ़ो फिर आगे वीर,
विजय तुम्हारी है निश्चित!
जीवन-कर्म जटिल निश्चित ही,
और यहाँ के सुख भ्रम मात्र,
मंजिल लगती दूर धुंधली सी,
बढ़ो चीर तुम हृदय वीर,
सतत बढ़ो फिर आगे वीर,
विजय तुम्हारी है निश्चित!

To conclude, I once again take this privilege to thank Honourable Chief Guest Prof. D. S. Chauhan Ji, for very graciously accepting our invitation to be the Chief Guest and kindly agreeing to deliver the Convocation Address. We are grateful to Dr. K. Radhakrishnan Ji, for his valuable encouragement to pursue excellence. I wish to record my gratitude to distinguished guests and media persons for finding time to grace this occasion. I express my sincerest sense of appreciation to our faculty, staff, and students for their ever willing cooperation in furthering the progress of the Institute. Last but not the least, I thank Prof. J. S. Dhillon, Dean Academics and his dedicated team for the successful organization of this event.

धन्यवाद

Jai Hind ! जय भारत !

**Presidential Address by
Dr. K. Radhakrishnan, Chairman, Board of Management, SLIET**

Professor D. S. Chauhan, Former Vice Chancellor, Dr. A.P.J. Abdul Kalam Technical University, Lucknow,

Prof. Rajeev Ahuja, Director, IIT, Ropar,

Prof. Shailendra Jain, Director, Sant Longowal Institute of Engineering and Technology, Longowal,

Members of the Board of Management,

Members of the Senate, Deans, Faculty, Staff, and most importantly the Graduating Students and their Proud Parents,

I consider it a privilege to be addressing the gathering of young men and women, who are on the threshold of a new phase in their lives. I am sure that a bright future beckons them ahead. Their training at SLIET has provided them a solid foundation on which they can build their professional career and have a happy personal life. We wish you all Bon Voyage on this journey of life beyond the sheltered portals of your Institute. I would also like to congratulate all the parents, appreciate them for their efforts that they have made to ensure proper education for their children. I am sure their efforts and sacrifices will not go in vain. I also congratulate all faculty members who have taught, advised, and mentored these students. The contributions of faculty and staff are truly acknowledged on an occasion like this.

Today's age is the age of innovation and rapid change. The electronic and communication revolution, man's enhanced capacity to explore the hitherto unknown spheres of science, and the power unleashed by new technologies, makes it imperative for us to open our minds to the emerging scenario and equip ourselves to meet the challenges of these changes. We cannot afford to be strangers in this new world and quality education is the only bedrock on which India must build her destiny. Our country can be built not with bricks but with brains, not with cement but with enlightenment. So, ours is the most significant role in this altering scenario.

Fortunately, today, and I believe this strongly, India is passing through a nascent phase. The world is looking at us in a very unusual light today. We are being rightly perceived, not only as a potentially huge market, but also as a source of a huge pool of young scientific and technological manpower. It is for this reason that a lot of industries, which require abilities to analyze, design and synthesize, are moving to India. It is not just the cost benefits, but also the availability of quality young talent that is serving as a magnet for many of the design and

research centres that are opening up every day. It has been said for the Indian Software Industry, “The clients came for lower costs, but stayed for higher capabilities.” The opportunities that exist today for us to succeed in our mission have never existed before. We need to fill up our hearts and minds with a great confidence and hope. But hoping alone will not help us. The opportunities always bring new challenges, and only our ability and willpower to take on these challenges will help us get there. And that is where all of you come in the picture. The country looks upon you with hope and confidence, and I have no doubt that you will come up to these expectations.

The world is undergoing a great metamorphosis. The physical wealth is increasingly getting linked to intellectual wealth. The poor countries of the future will be those that are poor in intellectual capital. Therefore, it is the responsibility of every technical institute to conceptualize and create new and appropriate technologies for the development of the nation. They must foster a yearning for research, for problem solving methodologies, for the development of new ideas, innovations, and entrepreneurship amongst its students. And these new ideas and technologies must be carried to the workshops and production floors to benefit the **Aam Aadmi** even in our remotest villages. As the efforts to build **Atmanirbhar Bharat, Ek Bharat Shreshtha Bharat** take root and give rise to an entirely new set of firms and facilities, the fresh demands on the competency of its young professionals emerge that needs sincerity and hard work, not only from students but also from the entire teaching fraternity. Institutes like ours are expected to play an imperative role. We must encourage our students to think anew, to serve, to develop a sense of justice and equity, and most of all, to be instruments of change. The **New Education Policy 2020** proposes to achieve these very milestones where efforts would be to develop appropriate teaching technologies and innovative strategies in the education field.

My dear young friends, your formal education at this Institution may have concluded, but your careers are about to take off. You are entering a world full of possibilities. You are fortunate to have learned at one of the best institutions where the true spirit of learning is preserved and where the encouragement for learning is fructified into knowledge. You are especially privileged for what you have learnt can not only empower you to build a professional career but can also change the lives of your family and help in the development of a prosperous country. It is time to not to ask what nation can give you but to ask what you can give to the nation. Nation needs great contributions from its best and brightest people, people just like you. Give yourself a chance to become a great contributor driven by your passions as passion drives great achievements.

Today, you have to decide whether you want to stand out or get lost in the crowd. If you make the first choice then you will gain the much required clarity, courage, conviction, confidence, and compassion to succeed in life and career. You are not a programmed being. You have the freedom and the competence to make the right choice. As Oscar Hammerstein said:

Climb every mountain

Fold every stream

Follow every rainbow

Till you find your dreams

You have to apply your knowledge, your passion, and your character to bring about the changes you dream about. Innovate, create, implement, accomplish, and forge ahead. If you can dream and do not let dreams become your master, you will find this world a wonderful place to live on. As you set sail from SLIET, I wish you fair winds and flowing seas on your life's great adventures and the myriad opportunities that lie ahead for you. Remember your alma mater and above all remember your country, Mother India, for she has done more for you than you realize today. Friends, a strong and vibrant India is arising. In the making of this great nation, each one of us has to play the assigned role. That role can be exalted or humbled. For it is the combined effort of all that makes up the glory of the whole. I am confident that each one of you will play your role to the best of your ability and contribute to the greatness of this nation. I once again congratulate all those who are graduating today and wish you the very best for a joyous and fruitful life.

Jai Hind! Jai Bharat!

Convocation Address by Chief Guest, Prof. D.S. Chauhan

Dr. K. Radhakrishnan, Chairman, Board of Management,

Prof. Shailendra Jain, Director, SLIET, Longowal,

Members of the Board of Management, and Senate

Faculty, Staff, and most importantly the Graduating Students who are standing today on the threshold of a golden future,

I consider it a great privilege and honour to deliver the Convocation Address on the Foundation Day of Sant Longowal Institute of Engineering and Technology, Longowal. I am thankful to the management of this landmark Institute for inviting me on this coveted occasion. Today's Convocation is a historic occasion as it marks the realization of dreams, commitment, innovation, and hard work of the founding fathers of this Institution. We must all be grateful to them for their enormous contribution in laying the foundation of this altar of learning for young minds.

The decision of the government to set up this Institute at Longowal to fulfill the educational needs of the students of this rural vicinity was a brilliant vision. Although the region has its own set of challenges presented by the nature in terms of economy, society and geography, yet the people here are well known for their resilience and hard work. Quality higher education, which is the basic requirement for development, helps them to mitigate the effects of some of the challenges and enjoy the fruits of development. It is highly commendable that the Institute is nurturing young brains from rural and humble backgrounds not only from this region but countrywide ever since its inception.

It is heartening to note that SLIET is making strides towards the glory it has the potential for. While the entire management, faculty and staff of the Institute deserve congratulations, who have contributed to building the foundation of this great Institute, yet the edifice has to be built with unceasing improvements and perfection. I am confident that SLIET will continue to play a pivotal role in creating experts in the field of science and technology who can contribute to the sustainable growth of our society. The Institute is well on its way to translate its vision of becoming a renowned technical establishment. The journey however, I acknowledge, would not be easy as there are many challenges thrown for the institutes with the advent of **National Education Policy 2020**.

The Govt. of India anticipated the growing needs of our budding economy and that a nation's progress and its human development are linked to science and technology. So the effort is to strengthen and enable our science and technology institutions to be in line with leading global standards with best of research activities. The technology world outside is very exciting right now. Young start-up entrepreneurs, incubators, innovators, and tech-entrepreneurs are re-writing the code of business and entrepreneurship today. Just now, the Director of the Institute, Prof. Shailendra Jain, read out the Institute Report. It is pleasant to note that your Institute is making strides towards achieving all the benchmarks that a technical institute needs to accomplish in today's competitive state of affairs. With an efficient academician and dynamic leader such as Prof. Jain at the helm of affairs, I believe, SLIET is well on its way to translate the vision of our worthy Prime Minister, **Shri Narendra Modi Ji** of realizing the dream of an **Atmanirbhar Bharat**.

My dear young friends, Indian economy today is exceedingly integrated into the world economy with Indian industry having become competitive at the global level. In such a situation we want all of you to regard yourself not as mere work seekers, not as mere prospective wage earners, but as partners in the building of the magnificent edifice called a **New India** - a country that is no longer a sleeping giant, but a resurgent country whose voice is heard in every nook and corner of the world. I am quite positive about the future of our country, our industry, and our people. But things are not going to happen just out of fortune. It involves a lot of vision, a will to make this vision a reality, and an accurate understanding of today's realities of the world so as to pursue this future for our nation.

My dear graduating students, your generation is fortunate to be in a country that offers tremendous opportunities. Even though the world is under huge pressure of economic recession in the present post pandemic times, the country has successfully managed to maintain a promising GDP that reflects the prospects that await the youth of India. Today marks an important milestone in your life's journey and the day belongs to you. You had entered this Institution while facing intense competition; you pursued your academic work - online and offline - with great dedication. I applaud you all for your strength and ability that you reflected in meeting the challenges posed to you due to Covid-19. Your extraordinary batch has showcased excellent spirit, fortitude and grit in such testing times. These testing touchstones of life have not ended here. You will face more of such challenges throughout your life journeys. But we are confident that you are well prepared by the Institute for meeting these uncertainties and challenges with your perseverance and dealing with the eventual successes and failures of life with an undisturbed attitude.

It is a moment of pride for you as much as it is for your teachers, parents and those who had any role in shaping your life so far. You can recall that your mission for higher learning started here with great passion. I am sure that each one of you has different dreams and you should never give up your dreams and aspirations. If you are prepared to think big and act in time with conviction, you can be a stalwart. As Millard Fuller said, “It’s not your blue blood, your pedigree or your college degree. It’s what you do with your life that counts.” You are all students of Engineering and soon you will be out of the gateway of this Institution with newer dreams and aspirations. Your education at SLIET must have equipped you to understand and engage appropriately with the changing demographics.

Dear recipients, you have the required qualification, exposure and training to prove your mettle. Opportunities are many and the avenues are open for you to explore. All you need to do is to take the good of the past and relate it to the good of the present and make the future great. Great changes are in the offing. Enormous challenges have to be encountered and infinite opportunities will come your way. We need to foresee changes and change to remain relevant.

I once again congratulate you and wish you a bright and rewarding future in whatever profession you choose. May the Almighty always bless you with success in your life. At this moment I cannot resist myself from quoting Swami Vivekananda:

"All power is within you; you can do anything and everything. Believe in that, do not believe that you are weak...Stand up and express the divinity within you."

Thank You and Jai Hind!

List of Ph.D. Students for the Award of Degree

Sr. No.	Details	Photo
1.	POONAM KUMARI PCH 1601 CHEMICAL AND BIOLOGICAL INVESTIGATIONS ON THE EXTRACTS OF ARAUCARIA COLUMNARIS (COOK II) SUPERVISOR (S): DR. DHIRAJ SUD 28.11.2022	
2.	KALEEM AHMAD PCE 1602 STUDIES ON VALUE-ADDED PRODUCTS FROM AGRO RESIDUE BASED BIOREFINERY WASTE LIGNIN BY USING PHOTOCATALYTIC PROCESS SUPERVISOR (S): DR. S.M.AHUJA, DR. H.R. GHATAK 29.11.2022	
3.	SAURABH SHARMA PCH 1606 PERFORMANCE INVESTIGATIONS ON SECURITY ASPECTS OF INTERNET OF THINGS SUPERVISOR (S): DR. VINOD KUMAR VERMA 27.06.2022	
4.	SACHIN MINOCHA PCS 1505 IMPROVED CLASSIFICATION TECHNIQUES FOR IMAGING SPECTROSCOPY SUPERVISOR (S): DR. BIRMOHAN SINGH 04.11.2022	
5.	GURWINDER SINGH PCS 1603 ANALYSIS OF AN EEG SIGNAL FOR EPILEPTIC SEIZURE DIAGNOSIS SUPERVISOR (S): DR. BIRMOHAN SINGH, DR. MANPREET KAUR 18.11.2022	
6.	RAJEEV KUMAR PEC 1702 INVESTIGATIONS ON IMPLANTABLE ANTENNA FOR BIO TELEMETRY APPLICATIONS SUPERVISOR (S): DR. AJAY PAL SINGH CHAUHAN, DR. SURINDER SINGH 08.09.2022	

Sr. No.	Details	Photo
7.	<p>AMANDEEP KAUR PEC 1703 DEEP LEARNING BASED PREDICTION AND EFFICIENT TRANSFER OF ENHANCER SEQUENCES IN GENOMIC DATA SUPERVISOR (S): DR. AJAY PAL SINGH CHAUHAN, DR. ASHWANI KUMAR AGGARWAL 18.10.2022</p>	
8.	<p>AMIT KUMAR SHAKYA PEC 1804/NDF DEEP LEARNING BASED PREDICTION AND EFFICIENT TRANSFER OF ENHANCER SEQUENCES IN GENOMIC DATA SUPERVISOR (S): DR. SURINDER SINGH 15.11.2022</p>	
9.	<p>SARBJEET SINGH PEC 1404 EFFICIENT USE OF SECURITY AND PRIVACY RESOURCES FOR INTERNET OF THINGS SUPERVISOR (S): DR. DILIP KUMAR 12.12.2022</p>	
10.	<p>VISHAL SHARMA PEC 1802 INVESTIGATION ON OPTICAL PARAMETRIC PROCESSES FOR FLEXIBLE OPTICAL NETWORK SUPERVISOR (S): DR. SURINDER SINGH, DR. LOVKESH 01.12.2022</p>	
11.	<p>VINAY KUMAR PEI1810/NDF INVESTIGATIONS ON FAULT TOLERANT OPERATION OF MULTILEVEL INVERTERS SUPERVISOR (S): DR. SHAILENDRA JAIN, DR. SANJEEV SINGH 17.10.2022</p>	
12.	<p>PIYUSH KASHYAP PFE 1704 STUDIES ON EXTRACTION AND CHARACTERIZATION OF POLYPHENOLS AND PROTEIN FROM MEGHALAYAN CHERRY (PRUNUS NEPALENSIS) POMACE AND KERNEL AND THEIR UTILIZATION SUPERVISOR (S): DR. NAVDEEP JINDAL. DR. C.S. RIAR 17.10.2022</p>	

Sr. No.	Details	Photo
13.	<p>PALAK PFE 1802 /NDF STUDIES ON KUTKI MILLET (PANICUM SUMATRENSE) STARCH HYDROGEL AND ITS APPLICATION AS NUTRACEUTICAL DELIVERY IN THE FOOD MATRIX SUPERVISOR (S) : DR. M.B. BERA, DR. P.S. PANESAR 29.11.2022</p>	
14.	<p>GOVIND VASHISHTHA PME 1804/NDF ASSESSMENT OF POWER QUALITY DISTURBANCES IN A DISTRIBUTION SYSTEM SUPERVISOR (S): DR. RAJESH KUMAR 17.10.2022</p>	
15.	<p>YOGESH KAPIL PMA 1402 OPERATOR INEQUALITIES SUPERVISOR (S): DR. MANDEEP SINGH 06.07.2022</p>	
16.	<p>CHINU SINGLA PMA 1503 ANALYTIC AND GEOMETRIC PROPERTIES OF SOME UNIVALENT HARMONIC FUNCTIONS SUPERVISOR (S): DR. S.S. DHALIWAL, DR. SUSHMA GUPTA 07.11.2022</p>
